Salwat & Dua

O Allah give him victory & make him the supporter of your religion

Salwat & Dua

Oh Allah protect the Imam from the evil that comes to him from the front and from behind. From right and the left. From above and from below.

Salwat & Dua

O Lord, reveal his countenance, make his pillars firm and include us among those who witness his incomparable elegance. And give us the good sense (Taufeeq) to serve him.

Salwat & Dua

O Allah, hasten his reappearance and help him and help those who help him. Abandon those who desert him and destroy those who are inimical to him and those who deny him.

Salwat & Dua

O Lord, include us among his helpers. That we may strengthen his rule and be of those who follow his commands and are satisfied with each of his actions.

Salwat & Dua

O Allah, Give us the capability of his obedience and keep us steadfast in following him. Include us among his forces, his friends and his helpers. And make us among those who are satisfied with each of his actions

Salwat & Dua

O Allah, keep me steadfast on Your religion, keep me prepared for Your obedience all the time and keep my heart soft for the master of Your affair.
